

Inter-State Seniority List of Health Department

410. **Sri V. N. PATIL** (Humnabad).—

Will the Chief Minister be pleased to state :—

(a) whether according to the final Inter-State Seniority List of the Health Department the present Director of Health Services is ineligible for the post of Director of Health Services ;

(b) whether Government has taken any action in this behalf ;

(c) if not, why ;

(d) which Seniority List and the Rules governing the appointment were considered at the time of the appointment of the present Director of Health Services ?

Sri VEERENDRA PATIL (Chief Minister).—

(a) No.

(b) and (c) Does not arise in view of reply to clause (a) above.

(d) Under the Mysore Directorate of Health Services Rules, 1965, the post of Director of Health Services is required to be filled in by selection from among the Joint Directors of Health Services. Since it is a selection post, the question of following Seniority alone does not arise. The cases of all the then Joint Directors of Health Services were considered at the time of making appointment to the post of Director of Health Services.

Sri V. N. PATIL.—In answer to (d), the reply is that the Health Services Recruitment Rules have been followed. I want to know whether the Director was eligible for the post according to the Inter-state seniority list. His selection must be based on his appointment as Joint Director.

†**Sri VEERENDRA PATIL.**—On the Inter-state Seniority List which was finalised by the Government of India, there are some writ petitions pending in the High Court. But, when the present incumbent, the Director of Health Services, was appointed, he was appointed from amongst the Joint Directors working at that time.

Sri V. N. PATIL.—When he was not eligible for a Joint Director, because his name was 6th in the list, what were the compelling reasons to elevate him to the Directorship ?

Sri VEERENDRA PATIL.—So far as my information goes, that question was considered in the year 1965 and at the time of making appointment, the appointment of Director of Health Services had to be made by selection. From amongst the Joint Directors, this selection has been made. While making selection, the Inter-state Seniority List prevailing at that time was taken into consideration, and the seniority of all Joint Directors and other factors were also taken into consideration.

(b) Does not arise.

(c) Would be considered when the need arises.
